**Read the following passage and answer the questions from 1-5.**

Science has made a significant Contribution in every aspect of modern life. Every person feels the effects of science in day-to-day life. Science has made life easier. Modern technology has also made life easier. For example, Cookers, Induction plates, micro- wave, ovens, mixtures etc. The food that we eat, the clothes that we wear, the books and papers that we read, the recreations We enjoy, the games that we play - all have some of the other things to do with the application of science.

Technology has undoubtedly made our lives better but for their cosy efforts people tend to be dependent on it so much that they can't even Imagine living without it.
